

RFRP 11/12-001 – Blue Striped Channelizing Drums along Business Entrances in the Work Zone

**Pre-proposal Teleconference Notes**

**September 8, 2011 @ 3:00**

Attendees:

Jonathan Duazo, FDOT

Stefanie Maxwell, FDOT

Carrie Stanbridge, FDOT

Patti Brannon, FDOT

Texas Transportation Institute

University of South Florida

University of Central Florida

Patti reviewed key dates for technical questions, responses, proposal and award posting.

Jonathan provided a review of the background and objectives of the project.

Jonathan discussed the request submitted to FHWA to experiment with the use of blue striped drums along businesses entrances in work zones.

Question was asked regarding spacing of the proposed drums.

Question was asked regarding the desired product for inclusion in the projects and regarding the specifications.
